b. Memorandum from EXO/DD/S&T to SO/

Reservations of OSA on Proliferation of
Sensitive Security Clearances

25X1A

1. As a consequence of the exchange of memoranda between the Deputy Assistant Director, OSA, and the Executive Officer, DD/S&T, I have reviewed the subject of the number of security access approvals generated since the creation of the DD/S&T and also the matter of which requests were supported by less than full justification.

25X1A

2. In accordance with our earlier discussions, I returned some examples of requests which appeared to me to be supported by a rather general justification. As mentioned by [] in his memorandum, the subject is a weighty one and would benefit, I agree, by further discussions.

3. Since I will be out of the office next week, I would suggest that possibly the week of 25 November 1963, if possible, a meeting be arranged with the Executive Officer, DD/S&T, to discuss this matter.
